BRIEF ABSTRACT OF LETTER.

Submits for sanction the proposed Scale in connection with the revision of Establishment of the Comptroller P.W. and Railway Branch

NOTES AND ORDERS.

Submitted - May we call for papers relating to the order of G. in the D.P.W. issued in June 1904 authorising the late Examiner to utilise the pay of the appointments which was available on the absence of the incumbents on leave or otherwise, for grant of increases to deserving hands - and also those relating to the order of Govt. fixing

3	From the Same Officer, 4012 dtd 17/12/07 Forwards them
	Submitted for orders KS. 21/12/07
	It is surprising to find that in an audit office a scale of establishment other than the duly sanctioned one should have been allowed to continue for over a period of 3 years - The late Examiners office was last revised

Serial No.

in 1902 at an increased cost of Rs 150 per mensem -

In his letter of 4.5.1904 Mr Scott referred to the desirability of suitably altering the same. Revised scale and solicited permission to grant temporary increases to deserving men out of the savings of the establishment consequent on the absence of 2 Accountants of his office and this was sanctioned by Govt -

It would appear that after the retirement of the said 2 officials the whole of their pay ~~of these~~ was utilised in giving increases and the arrangement has been continued up till now without formal sanction of Govt being obtained - This was highly irregular.

Mr Scott felt the necessity of modifying the scale of 1902 sanctioned in 1902, as soon after as 1904, and in any case the existing scale being somewhat different from the one sanctioned by Govt ~~the necessity by your~~ some suitable revision of the staff seems necessary -

The grounds of the proposition are indicated in detail in the letter under disposal, and the Comptroller observes that the proposed scale is very moderate as compared to that existing in British India etc. - But-

Serial No.

a safer and more useful material for comparison would be the scale of establishment and grades of pay in the civil account office in Mysore —.

Examined in that light, however, the proposed scale seems fair —

The main features of the measure proposed are as follows: —

1) Under the first Comptr-Accountt-, the maximum pay of an appointment is raised from Rs 150 to Rs 200 as in the civil audit office — and the increments of the several grades are proposed on a more liberal scale than at present — There is an annual increase of cost of 21 4/4 Rs by measure —

2) Under the 2nd head - Accounts Clerk the proposition results in a monthly saving of 38 3/4 — The appointment carrying a salary of Rs 85, ~~the pay of~~ which has been kept Vacant — and the pay of which has been without formal sanction distributed to the other men in the office, is proposed to be abolished — The clerkship on Rs 60 is also reduced to one on 45, and the pay of the 1st class clerks is fixed instead of being fixed as at present —

3). Under the 3rd head - Correspondence clerk

Serial No.

an appointment of Rs 45- is, which has been
Vacant ~~for~~ ~~the~~ to allow of increases by
Seniority to other clerks, is proposed to be abolished;
the existing sanctioned, and the proposed
Scale stand as follows :—

		Proposed
1. Clerk —	50.	50.
1. do —	32-	40.
1. do.	30.	30.
1. do.	20-	25-
5. do.	20-	20.
	232	245.

4) Lastly no Marine charge is proposed
in the medical est; the pay of the Matchi
which is Rs 15- fixed is proposed to be raised
12-1-16, and the temporary Peon at Rs 7
is proposed to be brought on the permanent
est-

It may here be noted that the Retrenchment Committee have proposed no change in the medical est of this office and have left the existing sanctioned scale including one temporary Peon undisturbed -

The Comptroller also proposes that 2 quinquennial increments of Rs 25 may be allowed to the 1st paid accountants as in British India; but this proposal if sanctioned will result

Serial No.

create an inconvenient precedent, and may lead to reasonable representations on the part of the ~~accountants~~ Examiners in the civil branch, who also have little chances of promotion above the account dept.

Barring this part of the proposal the revised scheme appears to be on the whole suitable and the extra cost involved is only Rs 11½ per mensem or 4½, excluding the temporary post, who may perhaps be kept on as such.

If the pay of the correspondence clerk on Rs40 is reduced to Rs 35 to conform more to the existing scale, there will be practically no extra cost.

It is however a question for consideration whether these proposals may be sanctioned now or deferred for consideration after the appointment of a permanent Comptroller (Secy):

187
4.1.08

I think the proposals may be sanctioned with the exception of that relating to quinquennial increments to accountants in the first grade. The extra cost will be 11½ Rs per permanently or 19½ Rs temporarily

Serial No.

1 - I see no objection to postponing consideration of the subject as proposed by the 2nd Comptroller

2 - But it is quite possible that the new Comptroller may propose considerable enlargement. The present proposals are practically intended to regularize what has been existing ~~our~~ somewhat informal bases, and entail no extra cost -

3 In any case, the accountants proposed may be appointed at once so that the men may have ample time for preparation -

4 I expect that the status of the Asst Comptroller in immediate charge of the P.W. Branch would require some improvement. As it is, he has to bear the brunt of attacks from the D.P.W. side. This position requires strengthening lest demoralisation should set in -

Council Matter.

SUBJECT.

Revision of Establishment of the Comptroller, P.W. and Railwa

Branch.

CIRCULATED TO COUNCILLORS.

By Order,

24th January.....1908 .

Offg. *Secretary.*

T. Ananda Row, Esq., B.A., Seen by the 1st Br.

First Councillor.

K. P. Puttanna Chetty, Esq,

Second Councillor.

1927
7.2.08

Submitted to His Highness.

These papers relate to certain proposals sent up by the Comptroller, P.W. and Railway Branch, for the revision of the establishment of his office at an additional cost of Rs.11-8-0 per mensem, and for permission to hold a special departmental examination for regulating promotion among Accountants, 1st and 2nd grade.

The Second Councillor is of opinion that the question of reorganizing the office may be deferred till the new Comptroller takes charge, so that we may have the benefit of his mature experience in the matter. The First Councillor says that he sees no objection to postponing consideration of the subject, but points out that the new Comptroller may propose considerable enlargement of the establishment; and that the present proposals are practically intended to regularise what has been existing on somewhat informal bases, and entail little or no extra cost. He adds that in any case, the proposed examination for Accountants may be approved at once, as that

The Comptroller of Mysore,
(Public Works & Railway Branch.)

The Financial Secretary to the
Government of Mysore,
Bangalore.

No. 3764/E/1 dated Bangalore..7...December 1907.

Sir,

I have the honor to submit for the sanction of Government a scheme for the reorganization of the Public Works Branch of my office. The revisio of the office was under contemplation so far back May 1904 when the late Examiner Mr Scott considere that the scale of pay sanctioned for the office more especially for the Accountants in the higher grades was inadequate, and was not a sufficient incentive to the work expected from them. Pending submission of a definite scheme, Mr Scott proposed the pay of the appointments which was available ow to the absence of the incumbents on leave or othe wise may as a special case be utilized for grantir increases to deserving hands. His proposals were sanctioned by the Secretary to the Government in t Public Works Department in June 1904 and such arra ments continue under this sanction. Subsequentl; when Mr Scott formulated his final proposals, the amalgamation of the Examiner's office with the Comptroller's office was under contemplation and

on this account and owing to his reversion to the British service which was then imminent, no orders were passed on the question as the case had been referre forthe opinion of the Comptroller by the Public Works Secretary. Owing to pressure of work, Mr Majumdar could not take up this question. In these circumstances and in consideration of the fact that the proposals tentative sanctioned by the P. W. Secretary under very special circumstances cannot in strict conformity with Code rules be continued, I request that my proposals embodied in the accompanying Proposition statement may be kindly sanctioned.

The Staff of the P.W.Branch consists of three classes:-

(1) Accountants - Superintendents of Branches in the Central office and Managers of Executive Engineer's offi in the Divisions (2) Accounts clerks and (3) Correspond clerks.

The third class mainly consists of men who have not passed the Entrance Accounts Test, P.W.D., and whose promotion to the higher class is subject to their passin the same. The second class consists of those who have passed the above tests, who first start on Rs.20/- and thenc rise by seniority and merit after receiving sufficient training in the Divisional offices and the Central offic The men in the first class are recruited from the senio men in the second class. The first class is divided int four grades corresponding to the grades in British P. W. Account offices which is as follows:-

	British Indian Pay.	Proposed Pay here.	Pres
Grade I ...	350-20-450	140-10-200	134 -
Grade II ...	250-15-340	105-5- 130	106 -
Grade III...	160-10-240	75-5- 100	78 -
Grade IV ...	80-7- 150	50-4- 70	50 -

In British India promotion to the 1st and 2nd grades s subject to the men passing a special departmental - xamination. I intend holding a similar examination in his office and regulating the promotions in those grades ccordingly. The Government of India P.W.D.Code provides or two periodic increments of Rs.50/- per mensem each eing granted by the Local Governments to Accountants 1st rade of long and meritorious service, under certain conditions and I beg that the Government may be pleased to exten the same concession to the Accountants of this office, the ncrement being fixed at Rs.25/-

In comparison with the scale of pay in British India he increases which I propose, it will be observed are very oderate. Besides, in view of the fact that the officials f a technical Department like the Account Department have ittle or no chances of bettering their prospects outside he Department vide G.O.No.2204-43/LR.18-06-2 dated 18th ugust 1906, I trust the Government will readily accept y proposals.

I may further point out that the amount allowable for Establishment charges on account of accounts is - generally taken at 2 per cent of budget grant for works which would be Rs. 56009/- The cost of the Establishment in accordance with my proposals is only Rs.42.402/-

If Government sanction these proposals I shall in due course before the close of the current official year sul nit a statement proposing a reappropriation of funds to m the additional cost of Rs. 11½ per mensem now proposed to be incurred.

In the case of Menial Establishment there are at - present 7 permanent Peons and one temporary Peon whom it

is now sought to bring on to the Permanent Establishment. If the temporary peon whom it is now proposed to be made permanent is excluded from the calculation as he has necessarily to be kept on , the excess will be only Rs.4½ per mensem or Rs.54/- per annum.

Under the proposed scheme the Accounts clerk on Rs.60/- will be brought on class II and draw Rs.45/- and I request that he may be permitted to draw a personal allowance of Rs.15/- till such time as he is promoted to the higher class.

I solicit the favor of early orders of Government

I have the honor to be,

Sir,

Your most obedient servant,

J. Dakyn-Mayhew

For. Comptroller,

W. & Ry. Branch.

READ—

Letter No. 3767, dated the 7th December 1907, from the Comptroller, Public Works and Railway Branch, submitting for sanction a revised scale of the establishment attached to his office.

No. 3767—E., dated Bangalore, 7th December 1907, from the Comptroller of Mysore, Public Works and Railway Branch, to Financail Secretary to the Government of Mysore, Bangalore.

I have the honor to submit for the sanction of Government a scheme for the reorganization of the Public Works Branch of my office. The revision of the office was under contemplation so for back as May 1904, when the late Examiner Mr. Scott considered that the scale of pay sanctioned for the office more especially for the Accounatnts in the higher grades was inadequate, and was not a sufficient incentive to the work expected from them. Pending the submission of a definite scheme, Mr. Scott proposed that the pay of the appointments which was available owing to the absence of the incumbents on leave or otherwise may, as a special case, be utilized for granting increases to deserving hands. His proposals were sanctioned by the Secretary to the Government in the Public Works Department in June 1904, and such arrangements continue under this sanction. Subsquently when Mr. Scott formulated his final proposals the amalgamation of the Examiner's office with the Comptroller's office was under contemplation and both on this account and owing to his reversion to the British Service which was then imminent, no orders were passed on the question as the case had been referred for the opinion of the Comptroller by the Public Works Secretary. Owing to pressure of work Mr. Majumdar could not take up this question. In these circumstances and in consideration of the fact that the proposals tentatively sanctioned by the Public works Secretary under very special circumstances cannot in strict conformity with Code rules be contineud. I request that my proposals embodied in the accompanying proposition statement may be kindly sanctioned.

The staff of the Public Works Branch consists of three classes:—

(1) Accountants-Superintendents of Branches in the Central office and Managers of Executive Engineer's offices in the Divisions, (2) Accounts clerks and (3) Correspondence clerks.

The third class mainly consists of men who have not passed the Entrance Account Test, Public Works Department, and whose promotion to the higher class is subject to their passing the same. The second class consists of those who have passed the above tests, who first start on Rs. 20 and thence rise by seniority and merit after receiving sufficient training in the Divisional offices and the Central office. The men in the first class are recruited from the senior men in the second class. The first class is divided into four grades corresponding to the grades in British Public Works Account offices which is as follows:—

	British Indian pay	Proposed pay here	Present pay
Grade I	350-20-450	140-10-200	134-4-150
Grade II	250-15-340	105-5-130	106-4-130
Grade III	160-10-240	75-5-100	78-3-102
Grade IV	80-7-150	50-4-70	50-2-74

In British India promotion to the 1st and 2nd grades is subject to the men passing a special Departmental Examination. I intend holding a similar examination in this office and regulating the promotions in those grades accordingly. The Government of India Public Works Department Code, provides for two periodic increments of Rs. 50 per mensem each being granted by the Local Governments to Accountants, 1st grade, of long and meritorious service, under certain conditions and I beg that the Government may be pleased to extend the same concession to the Accountants of this office, the increment being fixed at Rs. 25.

In comparison with the scale of pay in British India the increases which I propose it will be observed are very moderate. Besides, in view of the fact that the officials of a Technical Department like the Account Department have little or no chances of bettering their prospects outside the Department *vide* Government Order No. 2204-43—L. R. 18-06-2 dated 18th August 1906, I trust the Government will readily accept my proposals.

I may further point out that the amount allowable for establishment charges on account of accounts is generally taken at two per cent of budget grant for works which would be Rs. 56,009. The cost of the establishment in accordance with my proposals is only Rs. 42,402

If Government sanction these proposals, I shall, in due course before the close of the current official year, submit a statement proposing a reappropriation of funds to meet the additional cost of Rs. 11½ per mensem now proposed to be incurred.

In the case of Menial Establishment there are at present seven permanent peons and mporary peon whom it is now sought to bring on to the permanent establishment. e temporary peon whom it is now proposed to be made permanent is excluded from lculation as he has necessarily to be kept on, the excess will be only Rs. 4-8-0 per mensen s. 54 per annum.

Under the proposed scheme the accounts clerk on Rs. 60 will be brought on Clas d draw Rs. 45 and I request that he may be permitted to draw a personal allowanc 15 till such time as he is promoted to the higher class.

I solicit the favor of early orders of Government.
